---

**Program Overview**

This program is designed to provide comprehensive training for individuals seeking national certifications in three critical areas of healthcare: Medical Assistant, Phlebotomy, and Electrocardiogram (ECG). The program combines virtual and hands-on instruction to prepare students for national certification exams endorsed by the American Medical Certification Association (AMCA).

**About AHPSI**

Hispanic Health Professionals Association, Inc. NY (AHPSI) or asociacion hispana y profesionales de la salud, Inc Ny, has been a cornerstone of support for immigrant health professionals for 35 years. With a proven track record of excellence, AHPSI has welcomed and empowered healthcare professionals from diverse backgrounds. This program reflects AHPSI's

**1Building Healthcare Careers: AHPSI's National Certification Program for Immigrants**

commitment to advancing healthcare education, featuring certified teachers with extensive experience dedicated to the success of each student.

## Program Structure

- **Duration:** 6 weeks
  - **Instructional Hours:** 8 hours per week (48 hours total of live virtual instruction)
  - **Practical Training:** 40 hours of hands-on practical instruction
  - **Final Review:** Dedicated Q&A session during the final week
  - **Delivery Mode:** Virtual, live instructions (all classes recorded and sent to students for review)
- 

## Certification Areas and Topics
